Career Objective

Resourceful and analytical full-stack developer with hands-on MERN stack experience, passionate about solving complex technical challenges through efficient and scalable web solutions. Proven ability to identify issues and implement innovative features, as demonstrated during my internship at GrrowUp and in real-world projects. Seeking a MERN Stack internship to apply my problem-solving mindset, technical skills, and collaborative approach to deliver impactful and user-centric applications while continuously growing as a developer.

Skills

Programming Languages: JavaScript, Python, Java, OOP
Web Technologies: HTML5, CSS3, React.js, Next.js, Tailwind CSS
API Development: REST APIs, JSON, Postman
Databases: MongoDB, MySQL, DBMS
Tools & Version Control: Git, GitHub, VS Code, Eclipse
Soft Skills: Team work, Problem Solving, adaptability and Communication
Data Structures in JavaScript

Experience

MERN Stack Intern   GrrowUp (Remote)

- Completed an internship as a MERN Stack Trainee at Grrowup, gaining hands-on experience with MongoDB, Express.js, React, and Node.js technologies.
- Successfully developed and delivered projects assigned by mentors, applying practical skills in full-stack web development.
- Enhanced problem-solving and coding abilities through real-world tasks and collaborative team work during the internship.

Projects

E-commerce Website   Jan 2025 – Feb 2025
Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB   Live Demo — Code

- Developed a robust and scalable e-commerce platform with secure authentication and seamless Stripe payment integration.
- Implemented AJAX technology for real-time shopping cart updates, leading to a 15
- Created an automated admin dashboard with dynamic, customizable reports to empower data-driven decisions.

Portfolio Website   Feb 2025
Tech Stack: React.js, Tailwind CSS, EmailJS   Live Demo — Code

- Created a dynamic, mobile-responsive portfolio highlighting skills, projects, and achievements.
- Crafted a professional UI with seamless navigation and engaging user experience across devices.
- Optimized performance and accessibility while maintaining clean, modular React and Tailwind CSS code.
- Delivered a polished digital presence that highlights technical expertise and design sensibility.

Education

Bachelor's degree in Electrical and Electronics Engineering
SVR Engineering College   Oct 2020 – June 2024
CGPA: 8.05

Extra-Curricular Activities

- Led a team of three in a college project, ensuring collaboration and timely delivery.
- Solved 50+ coding challenges on HackerRank, strengthening algorithms and problem-solving.
- Achieved Bronze Badge in SQL on HackerRank.

Certifications

• Python • Java • Html, Css and JavaScript • React
